

HOME HAPPENINGS.

—Soon be fair time.

—The big fair will be held in Canfield Sept. 27-28.

—A fight on Broad street between two bull dogs broke the quiet last Sunday afternoon.

—Quite a number from this locality attended the Petersburg races and reunion on Thursday.

—Prof. L. L. Campbell, a former instructor in the Normal college, is very ill at his home in Hubbard.

—The Christian church Sunday school will hold a picnic in Idora park Thursday, September 1.

—The Presbyterian Sunday school enjoyed a picnic Wednesday at the Bowman reunion grounds near Hickory.

—A large number of motorcyclists from Youngstown, out for a century run, passed through Canfield last Sunday.

—The Calhoun family reunion will be held today—Friday—at the home of James Williams on West Main street.

—The Builders' Aid Society of the M. E. Church will hold a festival in the park Wednesday evening, August 31, to which the public is cordially invited.

—The annual reunion of the Paulin family will be held on the Canfield fair grounds Wednesday, August 31. All relatives and friends are cordially invited.

—Work is rapidly progressing on the new high street residences of Roy, Harry and Herbert Defts. It is expected that they will be ready for occupancy within a few weeks.

—Every indication points to a large attendance at the Normal County Teachers' Institute which opens in College Chapel next Monday afternoon and continues in session five days.

—Hundreds of dead fish have been found floating in the Ellsworth lake and it is suspected that poachers have been using dynamite. The matter is being investigated by those interested in the lake.

—It is now positively known that the attendance at the Normal college the coming year will be much larger than last year. The prospects of this old and popular institution of learning were never brighter.

—A large number of members of the Toot family held an enjoyable reunion last Saturday on the Canfield fair grounds. The reunion next year will be held at the same place the third Saturday in August.

—Monday afternoon the Stithery Club tendered Mrs. J. V. Calvin a farewell reception at the home of H. L. Sondecke on High street. The Calvin family will shortly remove to Ensley, Ala., to make their home.

—Frank Yargow, a Hungarian 35 years old, died at the county infirmary last Sunday of tuberculosis. He is believed to have a family in the old country. The remains were buried Wednesday in the infirmary cemetery.

—The Aid Society of the Presbyterian church, with husbands and friends, held a delightful picnic Tuesday at the home of the president, Mrs. Windsor Calhoun. At 1 o'clock a delicious and beautiful dinner was served on the lawn.

—C. R. Wetmore backed his traction engine down to the South run for water the other day when the heavy machine got beyond control and plunged into the creek where it remained for some time as it could not be moved under its own power.

—Quite a number of Canfield people attended the funeral of Mrs. C. A. Kaercher in Youngstown Monday afternoon. Deceased was a daughter of the late George Wetmore and wife and until her marriage to Mr. Kaercher 31 years ago she resided in Canfield.

—About sixty members of the Jones family attended the annual reunion held Monday at the home of Mr. and Mrs. P. T. Jones on North Broad street, and the occasion was a most pleasurable one. P. T. Jones was re-elected president and J. B. Jones secretary and treasurer.

—Prof. Guy of the Normal College has made a thorough canvass of Beaver, Green, Austintown, Jackson and Milton townships the past week thus finishing a complete survey of Mahoning county. Quite a number of foreign students have promised to be on deck when the gong sounds Monday, Sept. 12.

—The macadam road from Cornersburg to the beach tree corner is nearing completion. This connects with the new road now open to Herbert's Corners. When the road north from the village is completed, which will be before winter sets in, improved roads will cover the entire distance between Canfield and Youngstown.

—Council has not yet received formal acceptance from Messrs. Greenwalt and Brown of the natural gas franchise granted them some weeks since. Under the provisions of the grant two-thirds of the village is to be piped for gas by the first of next December. If this requirement is to be met the company will need to get busy without further delay.

—The County Teachers' Institute in Canfield promises to be a hummer. Directors and members of school boards should make special effort to attend the Friday session, directors' day. This is a new wrinkle but a very fine idea from someone's fertile brain. When boards of education and teachers fully understand each other's motives we shall have better schools.

Infirmarys to Build Road.

At a conference Monday between Prosecutor Ralph Beard, county commissioners, infirmary directors and superintendent, it was decided to allow the infirmary to proceed to improve the road from the Austintown-Canfield road to the county infirmary. The infirmary will furnish the teams and men and the county will pay for the material. When the improvement is completed there will be good roads all the way from Youngstown to the county infirmary. The present branch road from Austintown-Canfield road to the infirmary is a common dirt lane about three-quarters of a mile long and is very bad at some seasons of the year. This is the first time that inmates of the Mahoning county infirmary have engaged in extensive road building and the expenditure will be met with interest. This new road will only cost the county about a third as much as it would if the county had to furnish the labor and teams. The improvement will start at once.

Prior T. Jones

In Edinburg, Portage county, August 22, 1860, Miss Ruth Ellen Bond was united in marriage to Prior T. Jones of Canfield, at the home of the bride's father, Rev. Thomas Radcliffe performing the ceremony. The couple came at once to Canfield and until nine years ago resided on a farm one mile west of the village. There they reared a family of four children, one of whom, Harry, died in Chicago, where he practiced law, 19 years ago. The Jones home has always been recognized as one of the most

Mrs. P. T. Jones

hospitable in this locality. It can be truthfully said that no stranger ever knocked at their door and was turned empty away. Of their charities nothing need be here said as it is well known to the people of this community that they never weary of well doing. In religious endeavor the couple has always been zealous, both being among the most active workers in the M. E. Church of which they have been members since childhood. In everything looking to the uplift of the community they are always foremost.

For the occasion Monday evening a large tent was pitched on the lawn, and after the guests had been seated at tables delicious refreshments were daintily served. Dr. L. D. IMPROVED SEED WHEAT AND RYE FOR SALE.

I am offering a limited quantity of the famous Harvest King and Four Rowed Fultz Seed Wheat for sale, re-cleaned and carefully guarded from mixture either at my farm or Canfield mill at \$1.50 per bushel. Rye \$1.25. Bags free. Splendid opportunity to make Wheat Growing Pay and at a small cost provided the right quality and variety of seed is used. Harvest King is one of the hardiest of wheats. It produces a long red berry of good size and has the best of milling qualities. Its straw is stiff and does not lodge in the richest soils.

Four Rowed Fultz was introduced into Lancaster county, Pa., by the Department of Agriculture some eight years ago. Four Rowed Fultz has a tendency to produce spikelets composed of four grains of wheat arranged in a compact row. It has numerous records of 40 to 50 bushels per acre of wheat harvested. Have not threshed but expect an equal yield, especially Harvest King. Order early and avoid disappointment.
